

The background image shows a vibrant university campus scene. In the foreground, a tree with pink blossoms is partially visible. The middle ground features a large green lawn where several students are sitting or lying down, some in groups. A dog is seen running on the right side. ## About Student Residence “Dr. Ante Starčević”

The Student residence hall „Dr. Ante Starčević“ is the third largest residence hall in Zagreb. It has more than 1200 beds and it consists of 3 buildings. Some of the University of Zagreb faculties are within walking distance from the residence: Faculty of Humanities and Social Sciences, Faculty of Teacher Education, Faculty of Electrical Engineering and Computing, Faculty of Machinery and Naval Architecture (10-15 minutes on foot).

All rooms in the residence are double-bed rooms, i.e. shared with a roommate (there is no option to be alone in a room). Rooms have a small refrigerator but no kitchen. There is a kitchenette on every floor. You need to bring your own dishes if you want to cook. The bathroom is shared with the next room.

## Before arrival

Students that are granted accommodation will receive a medical form from the student hall of residence that needs to be confirmed by their family physician in the home country. The form confirms there are no medical objections to the student's accommodation in a hall of residence.

**NOTE!** Additionally, only NON-EU citizens need to do the Mantoux test (also known as the Mantoux screening test, Tuberculin Sensitivity Test, Pirquet test, or PPD test for Purified Protein Derivative) – please consult your family physician about this.

The medical form, i.e. a proof of the test needs to be submitted upon arrival, when collecting your room keys.
