Student Residence Hall “Stjepan Radić”

About Student Residence “Stjepan Radić”

With more than 4000 beds the Student residence hall „Stjepan Radić“ is the biggest of its kind in Zagreb. Students popularly call it “Sava” because it is close to the banks of the Sava river (ideal for all sports fans who want to go jogging, ride a bike etc). The residence consists of 12 buildings, a student restaurant, pizzeria, coffee and pastry shop, grocery shop, post office, club...

All exchange students are accommodated in the buildings number 11 and 12 - built and opened in 2011.

All rooms are double-bed rooms, i.e. shared with a roommate (there is not an option to be alone in a room), and two rooms share a kitchen and a bathroom. Kitchens have a refrigerator. You have to bring your own dishes if you want to cook.

Before arrival

Students that are granted accommodation will receive a medical form from the student hall of residence that needs to be confirmed by their family physician in the home country. The form confirms there are no medical objections to the student's accommodation in a hall of residence.

Note! Additionally, only NON-EU citizens need to do the Mantoux test (also known as the Mantoux screening test, Tuberculin Sensitivity Test, Pirquet test, or PPD test for Purified Protein Derivative) – please consult your family physician about this. The medical form, i.e. a proof of the test need to be submitted upon arrival, when collecting your room keys.
